Annexe B

DONNÉES DE L'ENQUÊTE PISA 2015

L'ensemble des tableaux de l'annexe B sont disponibles en ligne.

Annexe B1 : Résultats des pays et économies
http://dx.doi.org/10.1787/888933436477
http://dx.doi.org/10.1787/888933436489
http://dx.doi.org/10.1787/888933436498
http://dx.doi.org/10.1787/888933436509
http://dx.doi.org/10.1787/888933436513

Annexe B2 : Résultats des régions au sein des pays
http://dx.doi.org/10.1787/888933436536

Annexe B3 : Liste des tableaux disponibles en ligne

Note concernant P-S-J-G (Chine)
P-S-J-G (Chine) fait référence aux quatre provinces chinoises participant à l'enquête PISA : Pékin, Shanghai, Jiangsu et Guangdong.

Note concernant CABA (Argentine)
CABA (Argentine) fait référence à la région Ciudad Autónoma de Buenos Aires, dont les données ont été adjugées.

Note concernant ERYM
ERYM fait référence à l'ex-République yougoslave de Macédoine.

Note concernant Chypre

Note de la Turquie : Les informations figurant dans ce document qui font référence à « Chypre » concernent la partie méridionale de l'Ile. Il n'y a pas d'autorité unique représentant à la fois les Chypriotes turcs et grecs sur l'Ile. La Turquie reconnaît la République Turque de Chypre Nord (RTCN). Jusqu'à ce qu'une solution durable et équitable soit trouvée dans le cadre des Nations Unies, la Turquie maintiendra sa position sur la « question chypriote ».

Note de tous les États de l'Union européenne membres de l'OCDE et de l'Union européenne : La République de Chypre est reconnue par tous les membres des Nations Unies sauf la Turquie. Les informations figurant dans ce document concernent la zone sous le contrôle effectif du gouvernement de la République de Chypre.

Note concernant les données d'Israël

Les données statistiques concernant Israël sont fournies par et sous la responsabilité des autorités israéliennes compétentes. L'utilisation de ces données par l'OCDE est sans préjudice du statut des hauteurs du Golan, de Jérusalem-Est et des colonies de peuplement israéliennes en Cisjordanie aux termes du droit international.

ANNEXE B1
RÉSULTATS DES PAYS ET ÉCONOMIES

[Partie 1/3]

Tableau II.2.1 Convictions épistémiques

Résultats fondés sur les déclarations des élèves

		Pourcentage d'élèves selon leur degré d'assentiment avec les affirmations suivantes :															
		Une bonne façon de savoir si quelque chose est vrai, c'est de faire une expérience								Il arrive que les concepts en <sciences> changent							
		Pas du tout d'accord		Pas d'accord		D'accord		Tout à fait d'accord		Pas du tout d'accord		Pas d'accord		D'accord		Tout à fait d'accord

Tableau II.2.2 Élèves envisageant d'exercer une profession scientifique[1] à l'âge de 30 ans

Résultats fondés sur les déclarations des élèves

		Pourcentage d'élèves			
		Élèves envisageant d'exercer d'autres professions à l'âge de 30 ans ou ayant des aspirations professionnelles vagues, ou dont la réponse est manquante ou non valide (indécis, ne sait pas…)		Envisageant d'exercer une profession scientifique à l'âge de 30 ans

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

[Partie 3/3]

Tableau II.2.3 Obligation de suivre au moins un cours de sciences par semaine, selon les caractéristiques des élèves et des établissements

Résultats fondés sur les déclarations des élèves

		Pourcentage d'élèves tenus de suivre au moins un cours de sciences par semaine											
		Évolution du score en sciences lorsque les élèves sont tenus de suivre au moins un cours de sciences par semaine				Évolution de l'indice des convictions épistémiques lorsque les élèves sont tenus de suivre au moins un cours de sciences par semaine				Probabilité accrue pour les élèves d'envisager d'exercer une profession scientifique lorsqu'ils sont tenus de suivre au moins un cours de sciences par semaine

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

[Partie 1/1]

Tableau II.2.5 Ressources allouées aux sciences dans les établissements

Résultats fondés sur les déclarations des chefs d'établissement

		Pourcentage d'élèves scolarisés dans des établissements dont le chef d'établissement estime que les affirmations suivantes concernant la section des sciences sont vraies															
		Par rapport aux autres sections, la <section des cours de sciences> de l'établissement est bien équipée		Lorsque nous disposons de fonds supplémentaires, une grande partie est consacrée à améliorer l'enseignement des <cours de sciences>		Les enseignants de <cours de sciences> figurent parmi nos enseignants les plus qualifiés		Par rapport à des établissements comparables, nous disposons d'un laboratoire bien équipé		Le matériel destiné aux travaux pratiques de <cours de sciences> est en bon état		Nous disposons de suffisamment de matériel de laboratoire pour permettre son utilisation régulière à tous les cours		Nous disposons de personnel auxiliaire de laboratoire pour nous aider dans l'enseignement des <cours de sciences>		Notre établissement engage des dépenses supplémentaires pour l'achat de matériel récent pour le <cours de sciences>

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarques : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
Par professeurs de sciences qualifiés, on entend ceux possédant un diplôme universitaire (niveau 5A de la CITE) avec une spécialisation en sciences.
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

[Partie 2/3]

Tableau II.2.10 Professeurs de sciences qualifiés, selon les caractéristiques des élèves et des établissements

Résultats fondés sur les déclarations des chefs d'établissement

	Pourcentage de professeurs de sciences possédant un diplôme universitaire (niveau 5A de la CITE) avec une spécialisation en sciences dans les établissements scolarisant des jeunes de 15 ans																			
	Selon la localisation de l'établissement								Selon le type d'établissement						Selon le niveau d'enseignement					
	Village, hameau ou collectivité rurale (moins de 3 000 habitants)		Petite ville (de 3 000 à 100 000 habitants environ)		Grande ville (plus de 100 000 habitants)		Zone urbaine – zone rurale		Public		Privé		Privé – public		Premier cycle du secondaire (CITE 2)		Deuxième cycle du secondaire (CITE 3)		CITE 3 – CITE 2

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarques : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
Par professeurs de sciences qualifiés, on entend ceux possédant un diplôme universitaire (niveau 5A de la CITE) avec une spécialisation en sciences.
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

[Partie 3/3]

Tableau II.2.10 Professeurs de sciences qualifiés, selon les caractéristiques des élèves et des établissements

Résultats fondés sur les déclarations des chefs d'établissement

		Pourcentage de professeurs de sciences possédant un diplôme universitaire (niveau 5A de la CITE) avec une spécialisation en sciences dans les établissements scolarisant des jeunes de 15 ans											
		Évolution du score en sciences associée à l'augmentation d'un point de pourcentage du pourcentage de professeurs de sciences qualifiés				Évolution de l'indice des convictions épistémiques associée à l'augmentation d'un point de pourcentage du pourcentage de professeurs de sciences qualifiés				Probabilité accrue pour les élèves d'envisager d'exercer une profession scientifique, associée à l'augmentation d'un point de pourcentage du pourcentage de professeurs de sciences qualifiés

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarques : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
Par professeurs de sciences qualifiés, on entend ceux possédant un diplôme universitaire (niveau 5A de la CITE) avec une spécialisation en sciences.
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

[Partie 3/3]

Tableau II.2.17 Indice de l'enseignement des sciences dirigé par l'enseignant, selon les caractéristiques des élèves et des établissements

Résultats fondés sur les déclarations des élèves

		Évolution du score en sciences associée à l'augmentation d'une unité de l'indice de l'enseignement des sciences dirigé par l'enseignant				Évolution de l'indice des convictions épistémiques associée à l'augmentation d'une unité de l'indice de l'enseignement des sciences dirigé par l'enseignant				Probabilité accrue pour les élèves d'envisager d'exercer une profession scientifique, associée à l'augmentation d'une unité de l'indice de l'enseignement des sciences dirigé par l'enseignant

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

Tableau II.2.19 Perception du feedback de la part des professeurs de sciences

Résultats fondés sur les déclarations des élèves

	Pourcentage d'élèves indiquant que les situations suivantes se produisent pendant leurs cours de sciences																											
	Le professeur me dit quels sont mes résultats à ce cours								Le professeur m'indique quels sont mes points forts dans ce cours								Le professeur me dit dans quels domaines je peux encore m'améliorer							
	Jamais ou presque jamais		À quelques cours		À la plupart des cours		À chaque cours ou presque		Jamais ou presque jamais		À quelques cours		À la plupart des cours		À chaque cours ou presque		Jamais ou presque jamais		À quelques cours		À la plupart des cours		À chaque cours ou presque

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

[Partie 3/3]

Tableau II.2.20 Indice de la perception du feedback de la part des professeurs de sciences, selon les caractéristiques des élèves et des établissements

Résultats fondés sur les déclarations des élèves

		Évolution du score en sciences associée à l'augmentation d'une unité de l'indice de la perception du feedback de la part des professeurs de sciences				Évolution de l'indice des convictions épistémiques associée à l'augmentation d'une unité de l'indice de la perception du feedback de la part des professeurs de sciences				Probabilité accrue pour les élèves d'envisager d'exercer une profession scientifique, associée à l'augmentation d'une unité de l'indice de la perception du feedback de la part des professeurs de sciences

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

Tableau II.2.22 Pédagogie différenciée dans les cours de sciences

Résultats fondés sur les déclarations des élèves

		Pourcentage d'élèves indiquant que les situations suivantes se produisent pendant leurs cours de sciences																							
		Le professeur adapte son cours aux besoins et aux connaissances de la classe								Le professeur apporte une aide personnalisée quand un élève a des difficultés à comprendre un sujet ou un exercice								Le professeur modifie son cours quand la plupart des élèves trouvent le sujet difficile à comprendre							
		Jamais ou presque jamais		À quelques cours		À la plupart des cours		À chaque cours ou presque		Jamais ou presque jamais		À quelques cours		À la plupart des cours		À chaque cours ou presque		Jamais ou presque jamais		À quelques cours		À la plupart des cours		À chaque cours ou presque

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

[Partie 3/3]

Tableau II.2.23 Indice de la pédagogie différenciée dans les cours de sciences, selon les caractéristiques des élèves et des établissements

Résultats fondés sur les déclarations des élèves

		Évolution du score en sciences associée à l'augmentation d'une unité de l'indice de la pédagogie différenciée dans les cours de sciences				Évolution de l'indice des convictions épistémiques associée à l'augmentation d'une unité de l'indice de la pédagogie différenciée dans les cours de sciences				Probabilité accrue pour les élèves d'envisager d'exercer une profession scientifique, associée à l'augmentation d'une unité de l'indice de la pédagogie différenciée dans les cours de sciences

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

Tableau II.2.26 Enseignement fondé sur une démarche d'investigation en cours de sciences

Résultats fondés sur les déclarations des élèves

	Pourcentage d'élèves indiquant que les situations suivantes se produisent pendant leurs cours de sciences																											
	Les élèves ont l'occasion d'exposer leurs idées								Les élèves passent du temps au laboratoire pour réaliser des expériences pratiques								Les élèves doivent construire des argumentations sur des questions scientifiques							
	À chaque cours		À la plupart des cours		À quelques cours		Jamais ou presque jamais		À chaque cours		À la plupart des cours		À quelques cours		Jamais ou presque jamais		À chaque cours		À la plupart des cours		À quelques cours		Jamais ou presque jamais

Tableau II.2.26 Enseignement fondé sur une démarche d'investigation en cours de sciences

Résultats fondés sur les déclarations des élèves

	Pourcentage d'élèves indiquant que les situations suivantes se produisent pendant leurs cours de sciences																											
	On demande aux élèves de tirer les conclusions à partir des expériences qu'ils ont menées								Le professeur explique comment un principe du <cours de sciences> peut s'appliquer à divers phénomènes (par ex., le mouvement des objets ou les substances ayant des propriétés semblables)								On permet aux élèves de concevoir leurs propres expériences							
	À chaque cours		À la plupart des cours		À quelques cours		Jamais ou presque jamais		À chaque cours		À la plupart des cours		À quelques cours		Jamais ou presque jamais		À chaque cours		À la plupart des cours		À quelques cours		Jamais ou presque jamais

Tableau II.2.26 Enseignement fondé sur une démarche d'investigation en cours de sciences

Résultats fondés sur les déclarations des élèves

		Pourcentage d'élèves indiquant que les situations suivantes se produisent pendant leurs cours de sciences																							
		On débat en classe des projets d'investigation								Le professeur explique clairement en quoi les concepts <scientifiques> sont importants dans notre vie								On demande aux élèves de mener une investigation scientifique pour tester leurs propres idées							
		À chaque cours		À la plupart des cours		À quelques cours		Jamais ou presque jamais		À chaque cours		À la plupart des cours		À quelques cours		Jamais ou presque jamais		À chaque cours		À la plupart des cours		À quelques cours		Jamais ou presque jamais

Tableau II.2.27 Indice de l'enseignement fondé sur une démarche d'investigation, selon les caractéristiques des élèves et des établissements

Résultats fondés sur les déclarations des élèves

		Tous élèves confondus				Selon le profil socio-économique de l'établissement[1]									
		Moyenne		Variabilité de cet indice		Quartile inférieur		Deuxième quartile		Troisième quartile		Quartile supérieur		Quartile supérieur – quartile inférieur

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarques : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
Seuls sont inclus les pays et économies ayant administré le questionnaire sur ordinateur.
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

[Partie 2/3]

Tableau II.3.4 Absentéisme des élèves durant toute une journée de cours, performance en sciences et caractéristiques des établissements

Résultats fondés sur les déclarations des élèves

		Pourcentage d'élèves indiquant avoir séché toute une journée de cours au moins une fois durant les deux semaines précédant l'évaluation PISA													
		Selon la localisation de l'établissement								Selon le type d'établissement					
		Village, hameau ou collectivité rurale (moins de 3 000 habitants)		Petite ville (de 3 000 à 100 000 habitants environ)		Grande ville (plus de 100 000 habitants)		Zone urbaine – zone rurale		Public		Privé		Privé – public

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarques : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
Seuls sont inclus les pays et économies ayant administré le questionnaire sur ordinateur.
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarques : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
Plus les valeurs de l'indice sont élevées, plus le climat de discipline est propice dans les cours de sciences.
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

[Partie 2/3]

Tableau II.3.11 Indice du climat de discipline dans les cours de sciences, performance en sciences et caractéristiques des établissements

Résultats fondés sur les déclarations des élèves

		Selon la localisation de l'établissement								Selon le type d'établissement					
		Village, hameau ou collectivité rurale (moins de 3 000 habitants)		Petite ville (de 3 000 à 100 000 habitants environ)		Grande ville (plus de 100 000 habitants)		Zone urbaine – zone rurale		Public		Privé		Privé – public

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarques : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
Plus les valeurs de l'indice sont élevées, plus le climat de discipline est propice dans les cours de sciences.
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarques : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
Plus les valeurs de l'indice sont élevées, plus le climat de discipline est propice dans les cours de sciences.
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarques : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
Plus les valeurs de l'indice sont élevées, plus le comportement des élèves affecte l'apprentissage.
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarques : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
Plus les valeurs de l'indice sont élevées, plus le comportement des élèves affecte l'apprentissage.
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarques : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
Plus les valeurs de l'indice sont élevées, plus le comportement des élèves affecte l'apprentissage.
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

[Partie 1/2]

Tableau II.3.16 Comportements des élèves affectant l'apprentissage et performance en sciences

Résultats fondés sur les déclarations des chefs d'établissement

	Évolution du score en sciences lorsque le chef d'établissement indique que les facteurs suivants affectent, dans une certaine mesure ou beaucoup, l'apprentissage											
	L'absentéisme des élèves				Les élèves qui sèchent certains cours de la journée				Le manque de respect des élèves envers les enseignants			
	Avant contrôle du profil socio-économique des élèves et des établissements[1]		Après contrôle du profil socio-économique des élèves et des établissements		Avant contrôle du profil socio-économique des élèves et des établissements		Après contrôle du profil socio-économique des élèves et des établissements		Avant contrôle du profil socio-économique des élèves et des établissements		Après contrôle du profil socio-économique des élèves et des établissements

Tableau II.3.22 Soutien des enseignants en cours de sciences

Résultats fondés sur les déclarations des élèves

		Pourcentage d'élèves indiquant que les situations suivantes se produisent durant leurs cours de sciences							
		Le professeur donne aux élèves l'occasion d'exprimer leurs opinions							
		À chaque cours		À la plupart des cours		À quelques cours		Jamais ou presque jamais	
		%	Er.-T.	%	Er.-T.	%	Er.-T.	%	Er.-T.

Tableau II.3.33 Direction pédagogique

Résultats fondés sur les déclarations des chefs d'établissement

		Pourcentage d'élèves scolarisés dans des établissements dont les chefs d'établissement indiquent…																	
		Encourager les méthodes d'enseignement fondées sur les résultats de recherches récentes en éducation						Complimenter les enseignants dont les élèves participent activement aux activités d'apprentissage						Quand un professeur rencontre un problème dans sa classe, prendre l'initiative d'en discuter avec elle/lui					
		Ce n'est pas arrivé		Moins d'une fois par mois		Au moins une fois par mois		Ce n'est pas arrivé		Moins d'une fois par mois		Au moins une fois par mois		Ce n'est pas arrivé		Moins d'une fois par mois		Au moins une fois par mois

Tableau II.3.33 Direction pédagogique

Résultats fondés sur les déclarations des chefs d'établissement

		Pourcentage d'élèves scolarisés dans des établissements dont les chefs d'établissement indiquent…																	
		Attirer l'attention des enseignants sur l'importance du développement de l'esprit critique et du sens social chez les élèves						Être attentif aux comportements qui risquent de perturber le travail en classe						Donner au personnel enseignant la possibilité d'intervenir dans les décisions concernant l'établissement

1. L'indice d'autonomie des établissements est le pourcentage de tâches pour lesquelles le chef d'établissement, les enseignants ou le conseil de direction des établissements ont une part importante de responsabilité.
2. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. L'indice d'autonomie des établissements est le pourcentage de tâches pour lesquelles le chef d'établissement, les enseignants ou le conseil de direction des établissements ont une part importante de responsabilité.
2. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. L'indice d'autonomie des établissements est le pourcentage de tâches pour lesquelles le chef d'établissement, les enseignants ou le conseil de direction des établissements ont une part importante de responsabilité.
2. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

Tableau II.4.24 Finalités des évaluations

Résultats fondés sur les déclarations des chefs d'établissement

		Pourcentage d'élèves scolarisés dans des établissements dont le chef d'établissement indique l'utilisation de tests standardisés aux fins suivantes :																					
		Orienter l'apprentissage des élèves		Informer les parents des progrès de leur enfant		Prendre des décisions relatives au redoublement ou au passage de classe des élèves		Regrouper les élèves à des fins didactiques		Comparer les performances de l'établissement à celles du district ou aux performances nationales		Suivre les progrès de l'établissement d'année en année		Juger de l'efficacité des enseignants		Identifier des aspects de l'enseignement ou des programmes qui pourraient être améliorés		Adapter l'enseignement aux besoins des élèves		Comparer l'établissement à d'autres établissements		Décerner des certificats aux élèves

Tableau II.4.24 Finalités des évaluations

Résultats fondés sur les déclarations des chefs d'établissement

		Pourcentage d'élèves scolarisés dans des établissements dont le chef d'établissement indique l'utilisation de tests mis au point par les enseignants aux fins suivantes :																					
		Orienter l'apprentissage des élèves		Informer les parents des progrès de leur enfant		Prendre des décisions relatives au redoublement ou au passage de classe des élèves		Regrouper les élèves à des fins didactiques		Comparer les performances de l'établissement à celles du district ou aux performances nationales		Suivre les progrès de l'établissement d'année en année		Juger de l'efficacité des enseignants		Identifier des aspects de l'enseignement ou des programmes qui pourraient être améliorés		Adapter l'enseignement aux besoins des élèves		Comparer l'établissement à d'autres établissements		Décerner des certificats aux élèves

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

Tableau II.4.39 Suivi des pratiques des enseignants

Résultats fondés sur les déclarations des chefs d'établissement

		Pourcentage d'élèves scolarisés dans des établissements utilisant les méthodes suivantes pour le suivi des pratiques des enseignants :							
		Tests ou contrôles évaluant les performances des élèves		Évaluation mutuelle entre collègues		Observation des cours par le chef d'établissement ou par des enseignants chevronnés		Observation des cours par des inspecteurs ou par d'autres personnes extérieures à l'établissement

Niveau de l'exécutif en charge de la standardisation/l'élaboration/la notation des examens (colonnes 6-8)
1 : Autorité ou gouvernement à l'échelon central
2 : Organisme central en charge des évaluations ou des certifications
3 : Autorités ou gouvernement en charge de l'éducation à l'échelon de l'État
4 : Organisme en charge des évaluations ou des certifications à l'échelon de l'État
5 : Autorités ou gouvernement en charge de l'éducation à l'échelon de la province/région
6 : Autorités ou gouvernement à l'échelon infrarégional ou intermunicipal
7 : Autorités ou gouvernement à l'échelon local
8 : Établissement, conseil scolaire ou comité
9 : L'enseignant de l'élève
10 : Un autre enseignant de l'établissement
11 : Un enseignant d'un autre établissement
12 : Association spécialisée dans une matière/discipline
13 : Entreprise privée
14 : Différent selon la matière concernée
15 : Autre

Pourcentage d'établissements administrant les examens/d'élèves les passant (colonnes 4 et 5)
1 : Tous les établissements
2 : Entre 76 % et 99 % des établissements
3 : Entre 51 % et 75 % des établissements
4 : Entre 26 % et 50 % des établissements
5 : Entre 11 % et 25 % des établissements
6 : 10 % des établissements, voire moins

1. Les données présentées pour les pays de l'OCDE, le Brésil et la Colombie indiquent l'obligation ou non pour tous les établissements d'administrer les examens (colonnes 2 et 3) et le pourcentage d'établissements administrant ces examens (colonnes 4 et 5).
2. Communication sur demande uniquement : Estonie (colonne 20), France (colonne 19) et Irlande (colonnes 19 et 20).
3. Année de référence : 2013/14.
4. Année de référence : 2015/16.
5. Année de référence : 2014.
6. Colonnes 4 et 5 : tous les élèves scolarisés dans les années d'études durant lesquelles les examens sont administrés.

Remarque : Les États fédéraux ou les pays dont le système d'éducation est fortement décentralisé peuvent appliquer des réglementations différentes selon les États, provinces ou régions.

Niveau de l'exécutif en charge de la standardisation/l'élaboration/la notation des examens (colonnes 6-8)
1 : Autorité ou gouvernement à l'échelon central
2 : Organisme central en charge des évaluations ou des certifications
3 : Autorités ou gouvernement en charge de l'éducation à l'échelon de l'État
4 : Organisme en charge des évaluations ou des certifications à l'échelon de l'État
5 : Autorités ou gouvernement en charge de l'éducation à l'échelon de la province/région
6 : Autorités ou gouvernement à l'échelon infrarégional ou intermunicipal
7 : Autorités ou gouvernement à l'échelon local
8 : Établissement, conseil scolaire ou comité
9 : L'enseignant de l'élève
10 : Un autre enseignant de l'établissement
11 : Un enseignant d'un autre établissement
12 : Association spécialisée dans une matière/discipline
13 : Entreprise privée
14 : Différent selon la matière concernée
15 : Autre

Pourcentage d'établissements administrant les examens/d'élèves les passant (colonnes 4 et 5)
1 : Tous les établissements
2 : Entre 76 % et 99 % des établissements
3 : Entre 51 % et 75 % des établissements
4 : Entre 26 % et 50 % des établissements
5 : Entre 11 % et 25 % des établissements
6 : 10 % des établissements, voire moins

1. Les données présentées pour les pays de l'OCDE, le Brésil et la Colombie indiquent l'obligation ou non pour tous les établissements d'administrer les examens (colonnes 2 et 3) et le pourcentage d'établissements administrant ces examens (colonnes 4 et 5).
2. Communication sur demande uniquement : République tchèque (colonne 19), France (colonne 19), Irlande (colonnes 19 et 20), Israël (colonne 21), Nouvelle-Zélande (colonne 20), République slovaque (colonnes 19, 20 et 22).
3. Année de référence : 2013/14.
4. Année de référence : 2015/16.
5. Année de référence : 2014.
6. Colonnes 4 et 5 : tous les élèves scolarisés dans les années d'études durant lesquelles les examens sont administrés.

Remarque : Les États fédéraux ou les pays dont le système d'éducation est fortement décentralisé peuvent appliquer des réglementations différentes selon les États, provinces ou régions.

Existence de dispositifs d'évaluation des enseignants (colonnes 1, 9 et 17)
L : Dispositifs réglementés
P : Aucun dispositif d'évaluation des enseignants, mais existence de pratiques similaires
N : Aucun dispositif d'évaluation des enseignants, ni pratiques similaires

1. L'évaluation des enseignants est réglementée dans les établissements publics, et non réglementée (mais largement pratiquée) dans les établissements privés.
2. Le Bureau de l'éducation impose à tous les établissements d'avoir un dispositif équitable et transparent d'évaluation des enseignants. Les établissements doivent élaborer leur propre système d'évaluation en consultation avec les enseignants.

Remarque : Les États fédéraux ou les pays dont le système d'éducation est fortement décentralisé peuvent appliquer des réglementations différentes selon les États, provinces ou régions.

* Voir la note au début de cette annexe.

1. Les questions relatives au redoublement n'ont pas été administrées au Japon et en Norvège. Une valeur de zéro a été appliquée en accord avec ces pays, dans la mesure où ils appliquent une politique de passage systématique en année supérieure.
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

Remarques : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
Pour le Costa Rica, la Géorgie, Malte et la Moldavie, l'évolution entre PISA 2009 et PISA 2015 fait référence à l'évolution entre 2010 et 2015, ces pays ayant administré l'enquête PISA 2009 en 2010 dans le cadre de PISA 2009+.
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarques : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
Les questions relatives au redoublement n'ont pas été administrées au Japon et en Norvège. Une valeur de zéro a été appliquée en accord avec ces pays, dans la mesure où ils appliquent une politique de passage systématique en année supérieure.
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

Remarques : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
Pour le Costa Rica, la Géorgie, Malte et la Moldavie, l'évolution entre PISA 2009 et PISA 2015 fait référence à l'évolution entre 2010 et 2015, ces pays ayant administré l'enquête PISA 2009 en 2010 dans le cadre de PISA 2009+.
* Voir la note au début de cette annexe.

Tableau II.5.18 Politiques d'admission des établissements

Résultats fondés sur les déclarations des chefs d'établissement

		Pourcentage d'élèves scolarisés dans des établissements où les facteurs suivants ne sont « jamais » pris en considération pour l'admission dans l'établissement, ou le sont « parfois » ou « toujours » :																	
		Dossier scolaire de l'élève avec ses résultats (y compris des tests de placement)						Recommandation de l'établissement dont provient l'élève						Adhésion des parents à la philosophie pédagogique ou religieuse de l'établissement					
		Jamais		Parfois		Toujours		Jamais		Parfois		Toujours		Jamais		Parfois		Toujours

Tableau II.5.18 Politiques d'admission des établissements

Résultats fondés sur les déclarations des chefs d'établissement

		Pourcentage d'élèves scolarisés dans des établissements où les facteurs suivants ne sont « jamais » pris en considération pour l'admission dans l'établissement, ou le sont « parfois » ou « toujours » :																	
		Le fait que l'élève doive suivre un programme scolaire spécifique ou s'y intéresse						Priorité accordée aux membres de la famille d'un élève fréquentant ou ayant fréquenté l'établissement						Domicile dans une entité géographique déterminée					
		Jamais		Parfois		Toujours		Jamais		Parfois		Toujours		Jamais		Parfois		Toujours

Tableau II.5.21 Politiques d'admission des établissements et performance en sciences

Résultats fondés sur les déclarations des chefs d'établissement

	Évolution du score en sciences lorsque le chef d'établissement indique prendre « parfois » ou « toujours » en considération les facteurs suivants pour l'admission dans son établissement											
	Dossier scolaire de l'élève avec ses résultats (y compris des tests de placement)				Recommandation de l'établissement dont provient l'élève				Adhésion des parents à la philosophie pédagogique ou religieuse de l'établissement			
	Avant contrôle du profil socio-économique des élèves et des établissements[1]		Après contrôle du profil socio-économique des élèves et des établissements		Avant contrôle du profil socio-économique des élèves et des établissements		Après contrôle du profil socio-économique des élèves et des établissements		Avant contrôle du profil socio-économique des élèves et des établissements		Après contrôle du profil socio-économique des élèves et des établissements

[Partie 1/3]

Tableau II.5.25 Regroupement par aptitudes entre les classes, performance en sciences et caractéristiques des établissements

Résultats fondés sur les déclarations des chefs d'établissement

	Pourcentage d'élèves scolarisés dans des établissements où le chef d'établissement indique que les élèves sont répartis dans différentes classes en fonction de leurs aptitudes pour tout ou partie des matières													
	Tous élèves confondus				Selon le profil socio-économique de l'établissement[1]

1. Les élèves de 15 ans peuvent être scolarisés dans trois types d'établissements selon la filière d'enseignement proposée : filière générale uniquement ; filière professionnelle uniquement ; ou les deux. Dans l'année modale des jeunes de 15 ans (10e année), ces trois types d'établissements proposent un programme ou une filière d'enseignement communs. Les filières professionnelles ne commencent qu'en 11e année.
2. Bien qu'au Royaume-Uni, un seul programme d'enseignement soit proposé aux élèves de 15 ans (niveau 3 de la CITE), il existe quatre programmes d'enseignement distincts, un pour chaque pays. En Angleterre, au pays de Galles et en Irlande du Nord, les élèves étudient pour le General Certificate of Secondary Education (Key Stage 4), et en Écosse, pour le Standard Grades (National 5). Chacun de ces quatre programmes dispense un enseignement général, mais des qualifications/modules professionnels sont également proposés.
3. L'âge de début dans certains établissements professionnels est de 14 ans. L'admission dans les lycées avec orientation se fait en 7e année (c'est-à-dire dans le deuxième cycle du secondaire).
4. Année de référence : 2015/16.
5. Le nombre de programmes présentés inclut les filières générales et professionnelles (post-enseignement obligatoire), proposées aux élèves âgés de 16 ans. La grande majorité des élèves de 15 ans sont scolarisés en filière générale (enseignement obligatoire).
6. Selon une nouvelle classification introduite par la législation en 2013, il existe deux types de filières d'enseignement dans le pays : la filière générale et la filière professionnelle (laquelle inclut les programmes de premier et de second degré). À la fin de leur 9e année, les élèves (alors âgés de 15 ans et demi) peuvent donc choisir parmi les programmes d'enseignement suivants : filière générale du deuxième cycle du secondaire ; premier degré de la filière professionnelle ; ou second degré de la filière professionnelle. Ils ont également la possibilité de passer d'accéder au second degré de la filière professionnelle après avoir terminé avec succès le premier degré.

* Voir la note au début de cette annexe.

1. Plus les valeurs de cet indice sont élevées, plus la pénurie de matériel pédagogique est importante.
2. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

[Partie 2/3]

Tableau II.6.2 Indice de pénurie de matériel pédagogique[1], performance en sciences et caractéristiques des établissements

Résultats fondés sur les déclarations des chefs d'établissement

		Selon la localisation de l'établissement								Selon le type d'établissement					
		Village, hameau ou collectivité rurale (moins de 3 000 habitants)		Petite ville (de 3 000 à 100 000 habitants environ)		Grande ville (plus de 100 000 habitants)		Zone urbaine – zone rurale		Public		Privé		Privé – public

1. Plus les valeurs de cet indice sont élevées, plus la pénurie de matériel pédagogique est importante.
2. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Plus les valeurs de cet indice sont élevées, plus la pénurie de matériel pédagogique est importante.
2. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Plus les valeurs de cet indice sont élevées, plus la pénurie de personnel enseignant est importante.
2. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

[Partie 2/3]

Tableau II.6.15 Indice de pénurie de personnel enseignant[1], performance en sciences et caractéristiques des établissements

Résultats fondés sur les déclarations des chefs d'établissement

		Selon la localisation de l'établissement								Selon le type d'établissement					
		Village, hameau ou collectivité rurale (moins de 3 000 habitants)		Petite ville (de 3 000 à 100 000 habitants environ)		Grande ville (plus de 100 000 habitants)		Zone urbaine – zone rurale		Public		Privé		Privé – public

1. Plus les valeurs de cet indice sont élevées, plus la pénurie de personnel enseignant est importante.
2. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

Tableau II.6.20 Possibilités de développement professionnel en interne

Résultats fondés sur les déclarations des chefs d'établissement

		Pourcentage d'élèves scolarisés dans des établissements dont les chefs d'établissement indiquent que les types suivants d'activités de développement professionnel sont proposés en interne dans leur établissement							
		Les enseignants de notre établissement coopèrent en échangeant des idées ou du matériel sur certains modules de cours ou certaines leçons en particulier		Notre établissement invite des spécialistes pour donner des formations à nos enseignants, sur leur lieu de travail		Notre établissement organise des ateliers sur le lieu de travail abordant des problèmes particuliers rencontrés par l'établissement		Notre établissement organise des ateliers sur le lieu de travail pour des groupes spécifiques d'enseignants

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).
Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

[Partie 3/3]

Tableau II.6.33 Temps hebdomadaire moyen consacré aux cours normaux de sciences, performance en sciences et caractéristiques des établissements

Résultats fondés sur les déclarations des élèves

		Temps hebdomadaire moyen consacré à l'apprentissage dans les cours normaux de sciences (exprimé en nombre d'heures)													
		Selon le niveau d'enseignement						Avant contrôle du profil socio-économique des élèves et des établissements[1]				Après contrôle du profil socio-économique des élèves et des établissements			
		Premier cycle du secondaire (CITE 2)		Deuxième cycle du secondaire (CITE 3)		CITE 3 – CITE 2		Évolution du score en sciences associée à l'augmentation d'une heure du temps hebdomadaire consacré à l'apprentissage dans les cours normaux de sciences		Variance expliquée de la performance des élèves (r-carré x 100)		Évolution du score en sciences associée à l'augmentation d'une heure du temps hebdomadaire consacré à l'apprentissage dans les cours normaux de sciences		Variance expliquée de la performance des élèves (r-carré x 100)

1. On attribue une valeur de « 0 » aux élèves n'ayant pas été préscolarisés, une valeur de « 0.5 » à ceux ayant été préscolarisés entre 0 et 1 an, une valeur de « 1.5 » à ceux ayant été préscolarisés entre 1 et 2 ans, et ainsi de suite (suivant la même logique) pour les autres réponses.
2. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).

Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. On attribue une valeur de « 0 » aux élèves n'ayant pas été préscolarisés, une valeur de « 0.5 » à ceux ayant été préscolarisés entre 0 et 1 an, une valeur de « 1.5 » à ceux ayant été préscolarisés entre 1 et 2 ans, et ainsi de suite (suivant la même logique) pour les autres réponses.
2. Le profil socio-économique est mesuré par l'indice PISA de statut économique, social et culturel (SESC).

Remarque : Les valeurs statistiquement significatives sont indiquées en gras (voir l'annexe A3).
* Voir la note au début de cette annexe.
** Couverture trop limitée pour garantir la comparabilité (voir l'annexe A4).

1. Uniquement si applicable à l'enseignement primaire.
2. Année de référence : 2015.
3. Estimation du temps d'instruction selon l'âge, l'affectation du temps d'instruction étant flexible entre les différentes années d'études.
4. À l'exclusion de la dernière année d'enseignement secondaire préprofessionnel (VMBO) pour les élèves de 15 ans.
5. Pour l'année scolaire 2015/16, l'enseignement primaire est obligatoire pour les enfants âgés de 6 ans, mais pour celle de 2016/17, il est obligatoire pour les enfants âgés de 7 ans et l'admission des enfants de 6 ans en 1re année du primaire est laissée à la discrétion des parents.
6. Année de référence : 2012.
7. Estimations basées sur une année scolaire de 180 jours et une journée de cours d'une durée de 5 heures (enseignement primaire) ou de 6 heures (enseignement secondaire). La durée des séances de classe varie selon les régions. La durée de l'année scolaire (180 jours) peut également varier. Ces estimations tiennent compte des pauses entre les cours ou d'autres types d'interruptions, ainsi que des heures d'instruction non dispensées en raison de la fermeture des établissements les jours fériés nationaux, par exemple.
8. Temps d'instruction minimum en filière générale, obligatoire pour tous les établissements. Le temps d'instruction peut varier selon le type d'établissement et de filière d'enseignement.
9. Combinaison des filières générales et professionnelles.
10. Année de référence : 2013/14.
11. Année de référence : 2014/15.
12. La durée des séances de classe dans l'enseignement primaire (enfants âgés de 5 à 10 ans) varie de 30 à 60 minutes.
13. Le programme typique pour les élèves de 15 ans est la 1re année de l'enseignement secondaire non obligatoire. Le programme le moins exigeant correspond à la dernière année d'enseignement obligatoire pour les élèves de 15 ans ayant redoublé une classe. Un établissement d'enseignement professionnel d'une durée de 3 ans n'est pas inclus car il n'est pas obligatoire.

1. Le salaire statutaire n'inclut pas la part de cotisations de sécurité sociale et de retraite acquittée par le salarié.
2. Le salaire statutaire inclut la part de cotisations de sécurité sociale et de retraite acquittée par l'employeur.
3. Inclut la moyenne des primes fixes au titre des heures supplémentaires pour les enseignants des premier et deuxième cycles du secondaire.
4. Salaire effectif de base pour 2013.
5. Salaire effectif de base.
6. Dans le premier cycle du secondaire, il n'existe pas de distinction entre filières générales et professionnelles.
7. Année de référence : 2015/2016.
8. Année de référence : 2014/2015.
9. Le salaire annuel brut indiqué pour les enseignants des filières professionnelles inclut le salaire de base, les cotisations de l'employeur au titre de la retraite, et les primes de performance. Le salaire des enseignants des filières générales inclut le salaire de base et les cotisations de l'employeur au titre de la retraite (aucune prime de performance n'existe pour ces enseignants).
10. Année de référence : 2016.
11. Le salaire inclut les cotisations de l'employeur au titre de la retraite ainsi que les allocations de transport et de logement. Les allocations de transport sont octroyées à l'ensemble des enseignants. Les allocations de logement varient en fonction de la situation matrimoniale et sont octroyées à l'ensemble des enseignants, à l'exception des enseignantes mariées lorsque leur époux reçoit une allocation du même type de la part du gouvernement. Les enseignants assumant un rôle de supervision peuvent se voir octroyer des allocations supplémentaires.
12. Le salaire varie en fonction de la situation matrimoniale de l'enseignant.
13. Année de référence : 2015.
14. Salaire des enseignants à temps partiel.

1. Le salaire statutaire n'inclut pas la part de cotisations de sécurité sociale et de retraite acquittée par le salarié.
2. Le salaire statutaire inclut la part de cotisations de sécurité sociale et de retraite acquittée par l›employeur.
3. Inclut la moyenne des primes fixes au titre des heures supplémentaires pour les enseignants des premier et deuxième cycles du secondaire.
4. Salaire effectif de base pour 2013.
5. Salaire effectif de base.
6. Dans le premier cycle du secondaire, il n›existe pas de distinction entre filières générales et professionnelles.
7. Année de référence : 2015/2016.
8. Année de référence : 2014/2015.
9. Le salaire annuel brut indiqué pour les enseignants des filières professionnelles inclut le salaire de base, les cotisations de l'employeur au titre de la retraite, et les primes de performance. Le salaire des enseignants des filières générales inclut le salaire de base et les cotisations de l'employeur au titre de la retraite (aucune prime de performance n'existe pour ces enseignants).
10. Année de référence : 2016.
11. Le salaire inclut les cotisations de l'employeur au titre de la retraite ainsi que les allocations de transport et de logement. Les allocations de transport sont octroyées à l'ensemble des enseignants. Les allocations de logement varient en fonction de la situation matrimoniale et sont octroyées à l'ensemble des enseignants, à l'exception des enseignantes mariées lorsque leur époux reçoit une allocation du même type de la part du gouvernement. Les enseignants assumant un rôle de supervision peuvent se voir octroyer des allocations supplémentaires.
12. Le salaire varie en fonction de la situation matrimoniale de l'enseignant.
13. Année de référence : 2015.
14. Salaire des enseignants à temps partiel.

1. Pour tous les niveaux d'enseignement, la qualification octroyée peut être un diplôme de licence jusqu'au niveau master.
2. Par « premier cycle du secondaire », on entend « établissement d'enseignement secondaire général, premier cycle ».
3. Inclut tous les enseignants des établissements publics normaux du premier cycle du secondaire (col. 19) ; tous les enseignants des établissements publics normaux du deuxième cycle du secondaire (col. 20).
4. Inclut tous les enseignants, indépendamment du niveau auquel ils enseignent (col. 17-20).
5. Année de référence : 2014.
6. Classification CITE-97 (col. 13).
7. Inclut les enseignants du premier cycle du secondaire (col. 18), du primaire (col. 19), des filières générales et professionnelles (col. 20).
8. Les colonnes 6-8 font référence au nombre d'années d'études pour les titulaires d'une licence en éducation. Il existe toutefois des candidats suivant une formation diplômante de troisième cycle de 1 an à temps plein ayant valeur de formation initiale d'enseignant.
9. Année de référence : 2014/15.
10. La durée de la formation initiale des enseignants du préprimaire va de 2 à 3 ans, selon le type de programme de formation (col. 5). Dans les colonnes 6-8, la durée indiquée fait référence au diplôme de troisième cycle en éducation, soit la formation suivie par la plupart des candidats à la profession d'enseignant. Cette formation est obligatoire pour les candidats dont le diplôme de licence n'est pas spécialisé en éducation. La durée des autres programmes à plein temps de formation initiale des enseignants proposés par l'Institut national d'éducation varie en fonction du type de programme : licence d'arts/de sciences (éducation) – 4 ans ; diplôme en éducation – 1 à 2 ans (en fonction de la filière - générale ou spécialisée) ; et diplôme de troisième cycle en éducation (éducation physique) – 2 ans.
11. Année de référence : 2015.

Remarque : Les États fédéraux ou les pays dont le système d'éducation est fortement décentralisé peuvent appliquer des réglementations différentes selon les États, provinces ou régions.

1. Par « premier cycle du secondaire », on entend « établissement d'enseignement secondaire général, premier cycle ».
2. Année de référence : 2014.
3. Pour les colonnes 5-8, c'est la source b qui est utilisée ; pour toutes les autres colonnes, c'est la source a.
4. Année de référence : 2014/15.
5. Année de référence : 2015.
* Voir la note au début de cette annexe.

Sources : *a) Regards sur l'éducation 2014 : Les indicateurs de l'OCDE* (OCDE, 2014).
b) Collecte de données PISA menée en 2016 au niveau des systèmes.

1. Inclut des données d'une autre catégorie : Belgique (colonnes 8, 9), Canada (colonne 6), Finlande (colonnes 8, 9), Israël (colonne 8), Japon (colonnes 8, 9), Norvège (colonnes 8, 9), Pologne (colonne 8), Portugal (colonnes 8, 9), Russie (colonnes 8, 9), Espagne (colonnes 8, 9), Suisse (colonnes 8, 9).
2. Année de référence : 2012.
3. Établissements publics uniquement pour l'enseignement tertiaire.
4. Les données sur les dépenses totales excluent l'enseignement préprimaire.
5. Établissements publics uniquement.
6. Les données relatives à l'ensemble du secondaire incluent l'enseignement primaire dans les établissements publics et privés indépendants (il n'existe aucun établissement privé subventionné par l'État en Géorgie). Les données sur les taux de scolarisation dans les filières professionnelles des établissements publics (CITE 3) sont estimées sur la base de données pondérées pour les années académiques 2013/14 et 2014/15 (les établissements privés ne reçoivent aucun financement public au titre des programmes similaires).
7. Établissements publics et privés subventionnés par l'État confondus.
8. Année de référence : 2015.
9. Année de référence : 2014.
10. Établissements publics et privés subventionnés par l'État confondus.
11. Inclut le niveau CITE 0.1.
12. Les données sur les dépenses totales incluent l'enseignement préprimaire.
* Voir la note au début de cette annexe.

ANNEXE B2
RÉSULTATS DES REGIONS AU SEIN DES PAYS

[Partie 1/1]

Tableau B2.II.4 Ressources allouées aux sciences dans les établissements

Résultats fondés sur les déclarations des chefs d'établissement

	Pourcentage d'élèves scolarisés dans des établissements dont le chef d'établissement estime que les affirmations suivantes concernant la section des sciences sont vraies															
	Par rapport aux autres sections, la <section des cours de sciences> de l'établissement est bien équipée		Lorsque nous disposons de fonds supplémentaires, une grande partie est consacrée à améliorer l'enseignement des <cours de sciences>		Les enseignants de <cours de sciences> figurent parmi nos enseignants les plus qualifiés		Par rapport à des établissements comparables, nous disposons d'un laboratoire bien équipé		Le matériel destiné aux travaux pratiques de <cours de sciences> est en bon état		Nous disposons de suffisamment de matériel de laboratoire pour permettre son utilisation régulière à tous les cours		Nous disposons de personnel auxiliaire de laboratoire pour nous aider dans l'enseignement des <cours de sciences>		Notre établissement engage des dépenses supplémentaires pour l'achat de matériel récent pour le <cours de sciences>

• Résultats adjugés au niveau international.

Remarques : La prudence est de mise lors de l'interprétation des résultats présentés dans ce tableau pour la province de Québec en raison de la possibilité d'un biais de non-réponse. Pour le Massachusetts et la Caroline du Nord, la population cible théorique couvre les élèves de 15 ans scolarisés en 7e année ou dans un niveau supérieur dans les établissements publics uniquement (voir l'annexe A2).

Porto Rico est un territoire non incorporé des États-Unis. De ce fait, les résultats du PISA concernant les États-Unis n'incluent pas Porto Rico.

Voir les données nationales dans le tableau II.2.5.

• Résultats adjugés au niveau international.

Remarques : La prudence est de mise lors de l'interprétation des résultats présentés dans ce tableau pour la province de Québec en raison de la possibilité d'un biais de non-réponse. Pour le Massachusetts et la Caroline du Nord, la population cible théorique couvre les élèves de 15 ans scolarisés en 7e année ou dans un niveau supérieur dans les établissements publics uniquement (voir l'annexe A2).

Porto Rico est un territoire non incorporé des États-Unis. De ce fait, les résultats du PISA concernant les États-Unis n'incluent pas Porto Rico.

Voir les données nationales dans le tableau II.2.26.

• Résultats adjugés au niveau international.

Remarques : La prudence est de mise lors de l'interprétation des résultats présentés dans ce tableau pour la province de Québec en raison de la possibilité d'un biais de non-réponse.
Pour le Massachusetts et la Caroline du Nord, la population cible théorique couvre les élèves de 15 ans scolarisés en 7e année ou dans un niveau supérieur dans les établissements publics uniquement (voir l'annexe A2).
Porto Rico est un territoire non incorporé des États-Unis. De ce fait, les résultats du PISA concernant les États-Unis n'incluent pas Porto Rico.
Voir les données nationales dans le tableau II.2.26.

• Résultats adjugés au niveau international.

Remarques : La prudence est de mise lors de l'interprétation des résultats présentés dans ce tableau pour la province de Québec en raison de la possibilité d'un biais de non-réponse. Pour le Massachusetts et la Caroline du Nord, la population cible théorique couvre les élèves de 15 ans scolarisés en 7e année ou dans un niveau supérieur dans les établissements publics uniquement (voir l'annexe A2).

Porto Rico est un territoire non incorporé des États-Unis. De ce fait, les résultats du PISA concernant les États-Unis n'incluent pas Porto Rico.

Voir les données nationales dans le tableau II.2.26.

• Résultats adjugés au niveau international.

Remarques : La prudence est de mise lors de l'interprétation des résultats présentés dans ce tableau pour la province de Québec en raison de la possibilité d'un biais de non-réponse.
Pour le Massachusetts et la Caroline du Nord, la population cible théorique couvre les élèves de 15 ans scolarisés en 7e année ou dans un niveau supérieur dans les établissements publics uniquement (voir l'annexe A2).
Porto Rico est un territoire non incorporé des États-Unis. De ce fait, les résultats du PISA concernant les États-Unis n'incluent pas Porto Rico.
Voir les données nationales dans le tableau II.3.1.

[Partie 1/5]

Tableau B2.II.20 Responsabilités en matière de gouvernance des établissements

Résultats fondés sur les déclarations des chefs d'établissement

	Pourcentage d'élèves scolarisés dans des établissements où le chef d'établissement a une part importante de responsabilité dans les tâches suivantes :																							
	Choisir les enseignants à engager		Congédier les enseignants		Déterminer le salaire initial des enseignants		Déterminer les augmentations de salaire des enseignants		Établir le budget de l'établissement		Décider de la ventilation du budget dans l'établissement		Définir le règlement intérieur pour les élèves		Définir les politiques d'évaluation des élèves		Décider de l'admission des élèves dans l'établissement		Choisir les manuels à utiliser		Déterminer le contenu des cours		Décider des cours à proposer

• Résultats adjugés au niveau international.

Remarques : La prudence est de mise lors de l'interprétation des résultats présentés dans ce tableau pour la province de Québec en raison de la possibilité d'un biais de non-réponse. Pour le Massachusetts et la Caroline du Nord, la population cible théorique couvre les élèves de 15 ans scolarisés en 7e année ou dans un niveau supérieur dans les établissements publics uniquement (voir l'annexe A2).

Porto Rico est un territoire non incorporé des États-Unis. De ce fait, les résultats du PISA concernant les États-Unis n'incluent pas Porto Rico.

Voir les données nationales dans le tableau II.4.1.

[Partie 2/5]

Tableau B2.II.20 Responsabilités en matière de gouvernance des établissements

Résultats fondés sur les déclarations des chefs d'établissement

	Pourcentage d'élèves scolarisés dans des établissements où les enseignants ont une part importante de responsabilité dans les tâches suivantes :																							
	Choisir les enseignants à engager		Congédier les enseignants		Déterminer le salaire initial des enseignants		Déterminer les augmentations de salaire des enseignants		Établir le budget de l'établissement		Décider de la ventilation du budget dans l'établissement		Définir le règlement intérieur pour les élèves		Définir les politiques d'évaluation des élèves		Décider de l'admission des élèves dans l'établissement		Choisir les manuels à utiliser		Déterminer le contenu des cours		Décider des cours à proposer

• Résultats adjugés au niveau international.

Remarques : La prudence est de mise lors de l'interprétation des résultats présentés dans ce tableau pour la province de Québec en raison de la possibilité d'un biais de non-réponse. Pour le Massachusetts et la Caroline du Nord, la population cible théorique couvre les élèves de 15 ans scolarisés en 7e année ou dans un niveau supérieur dans les établissements publics uniquement (voir l'annexe A2).

Porto Rico est un territoire non incorporé des États-Unis. De ce fait, les résultats du PISA concernant les États-Unis n'incluent pas Porto Rico.

Voir les données nationales dans le tableau II.4.1.

• Résultats adjugés au niveau international.

Remarques : La prudence est de mise lors de l'interprétation des résultats présentés dans ce tableau pour la province de Québec en raison de la possibilité d'un biais de non-réponse. Pour le Massachusetts et la Caroline du Nord, la population cible théorique couvre les élèves de 15 ans scolarisés en 7e année ou dans un niveau supérieur dans les établissements publics uniquement (voir l'annexe A2).

Porto Rico est un territoire non incorporé des États-Unis. De ce fait, les résultats du PISA concernant les États-Unis n'incluent pas Porto Rico.

Voir les données nationales dans le tableau II.4.1.

• Résultats adjugés au niveau international.

Remarques : La prudence est de mise lors de l'interprétation des résultats présentés dans ce tableau pour la province de Québec en raison de la possibilité d'un biais de non-réponse. Pour le Massachusetts et la Caroline du Nord, la population cible théorique couvre les élèves de 15 ans scolarisés en 7e année ou dans un niveau supérieur dans les établissements publics uniquement (voir l'annexe A2).

Porto Rico est un territoire non incorporé des États-Unis. De ce fait, les résultats du PISA concernant les États-Unis n'incluent pas Porto Rico.

Voir les données nationales dans le tableau II.4.1.

• Résultats adjugés au niveau international.

Remarques : La prudence est de mise lors de l'interprétation des résultats présentés dans ce tableau pour la province de Québec en raison de la possibilité d'un biais de non-réponse.
Pour le Massachusetts et la Caroline du Nord, la population cible théorique couvre les élèves de 15 ans scolarisés en 7e année ou dans un niveau supérieur dans les établissements publics uniquement (voir l'annexe A2).
Porto Rico est un territoire non incorporé des États-Unis. De ce fait, les résultats du PISA concernant les États-Unis n'incluent pas Porto Rico.
Voir les données nationales dans le tableau II.4.19.

• Résultats adjugés au niveau international.

Remarques : La prudence est de mise lors de l'interprétation des résultats présentés dans ce tableau pour la province de Québec en raison de la possibilité d'un biais de non-réponse. Pour le Massachusetts et la Caroline du Nord, la population cible théorique couvre les élèves de 15 ans scolarisés en 7e année ou dans un niveau supérieur dans les établissements publics uniquement (voir l'annexe A2).

Porto Rico est un territoire non incorporé des États-Unis. De ce fait, les résultats du PISA concernant les États-Unis n'incluent pas Porto Rico.

Voir les données nationales dans le tableau II.4.19.

• Résultats adjugés au niveau international.

Remarques : La prudence est de mise lors de l'interprétation des résultats présentés dans ce tableau pour la province de Québec en raison de la possibilité d'un biais de non-réponse. Pour le Massachusetts et la Caroline du Nord, la population cible théorique couvre les élèves de 15 ans scolarisés en 7e année ou dans un niveau supérieur dans les établissements publics uniquement (voir l'annexe A2).

Porto Rico est un territoire non incorporé des États-Unis. De ce fait, les résultats du PISA concernant les États-Unis n'incluent pas Porto Rico.

Voir les données nationales dans le tableau II.4.33.

• Résultats adjugés au niveau international.

Remarques : La prudence est de mise lors de l'interprétation des résultats présentés dans ce tableau pour la province de Québec en raison de la possibilité d'un biais de non-réponse. Pour le Massachusetts et la Caroline du Nord, la population cible théorique couvre les élèves de 15 ans scolarisés en 7e année ou dans un niveau supérieur dans les établissements publics uniquement (voir l'annexe A2).

Porto Rico est un territoire non incorporé des États-Unis. De ce fait, les résultats du PISA concernant les États-Unis n'incluent pas Porto Rico.

Voir les données nationales dans le tableau II.4.33.

• Résultats adjugés au niveau international.

Remarques : La prudence est de mise lors de l'interprétation des résultats présentés dans ce tableau pour la province de Québec en raison de la possibilité d'un biais de non-réponse.
Pour le Massachusetts et la Caroline du Nord, la population cible théorique couvre les élèves de 15 ans scolarisés en 7e année ou dans un niveau supérieur dans les établissements publics uniquement (voir l'annexe A2).
Porto Rico est un territoire non incorporé des États-Unis. De ce fait, les résultats du PISA concernant les États-Unis n'incluent pas Porto Rico.
Voir les données nationales dans le tableau II.5.9.

• Résultats adjugés au niveau international.

Remarques : La prudence est de mise lors de l'interprétation des résultats présentés dans ce tableau pour la province de Québec en raison de la possibilité d'un biais de non-réponse. Pour le Massachusetts et la Caroline du Nord, la population cible théorique couvre les élèves de 15 ans scolarisés en 7e année ou dans un niveau supérieur dans les établissements publics uniquement (voir l'annexe A2).

Porto Rico est un territoire non incorporé des États-Unis. De ce fait, les résultats du PISA concernant les États-Unis n'incluent pas Porto Rico.

Voir les données nationales dans le tableau II.5.18.

• Résultats adjugés au niveau international.
1. Nombre d'heures consacrées à l'apprentissage en dehors des heures de classe prévues dans l'emploi du temps scolaire, y compris le temps dédié aux devoirs, à des cours supplémentaires et à l'étude personnelle.
Remarques : La prudence est de mise lors de l'interprétation des résultats présentés dans ce tableau pour la province de Québec en raison de la possibilité d'un biais de non-réponse. Pour le Massachusetts et la Caroline du Nord, la population cible théorique couvre les élèves de 15 ans scolarisés en 7e année ou dans un niveau supérieur dans les établissements publics uniquement (voir l'annexe A2).
Porto Rico est un territoire non incorporé des États-Unis. De ce fait, les résultats du PISA concernant les États-Unis n'incluent pas Porto Rico.
Voir les données nationales dans le tableau II.6.37.
