# **Mauritius**

Mauritius has met all aspects of the terms of reference (OECD, 2021<sub>[1]</sub>) (ToR) for the calendar year 2022 (year in review), and no recommendations are made.

Mauritius can legally issue three types of rulings within the scope of the transparency framework.

In practice, Mauritius issued rulings within the scope of the transparency framework as follows:

Type of ruling	Number of rulings
Past rulings	20
Future rulings in the period 1 September 2017 – 31 December 2017	0
Future rulings in the calendar year 2018	1
Future rulings in the calendar year 2019	1
Future rulings in the calendar year 2020	10
Future rulings in the calendar year 2021	6
Future rulings in the year in review	2

No peer input was received in respect of the exchanges of information on rulings received from Mauritius.

## Information gathering process (ToR I.A)

811. Mauritius can legally issue the following three types of rulings within the scope of the transparency framework: (i) preferential regimes;<sup>1</sup> (ii) cross-border unilateral APAs and any other cross-border unilateral tax rulings (such as an advance tax ruling) covering transfer pricing or the application of transfer pricing principles; and (iii) permanent establishment rulings.

812. For Mauritius, past rulings are any tax rulings within scope that are issued either: (i) on or after 1 January 2015 but before 1 September 2017; and (ii) on or after 1 January 2012 but before 1 January 2015, provided they were still in effect as at 1 January 2015. Future rulings are any tax rulings within scope that are issued on or after 1 September 2017.

813. In the prior years' peer review reports, it was determined that Mauritius' undertakings to identify past and future rulings and all potential exchange jurisdictions were sufficient to meet the minimum standard. In addition, it was determined that Mauritius' review and supervision mechanism was sufficient to meet the minimum standard. Mauritius' implementation remains unchanged, and therefore continues to meet the minimum standard.

814. Mauritius has met all of the ToR for the information gathering process and no recommendations are made.

### Exchange of information (ToR II.B)

815. Mauritius has the necessary domestic legal basis to exchange information spontaneously. Mauritius notes that there are no legal or practical impediments that prevent the spontaneous exchange of information on rulings as contemplated in the Action 5 minimum standard.

816. Mauritius has international agreements permitting spontaneous exchange of information, including: (i) the *Multilateral Convention on Mutual Administrative Assistance in Tax Matters: Amended by the 2010 Protocol* (OECD/Council of Europe,  $2011_{[2]}$ ) ("the Convention") and (ii) bilateral agreements in force with 46 jurisdictions.<sup>2</sup>

Future rulings within	Number of exchanges	Dela	yed exchanges

	3	0	N/A	N/A

817. For the year in review, the timeliness of exchanges is as follows:

Follow-up requests received for exchange of the ruling	Number	Average time to provide response	Number of requests not answered
	0	N/A	N/A

818. In the prior years' peer review reports, it was determined that Mauritius' process for the completion and exchange of templates were sufficient to meet the minimum standard. With respect to past rulings, no further action was required. Mauritius' implementation in this regard remains unchanged and therefore continues to meet the minimum standard.

819. Mauritius has the necessary legal basis for spontaneous exchange of information, a process for completing the templates in a timely way and has completed all exchanges. Mauritius has met all of the ToR for the exchange of information process and no recommendations are made.
