

Croatia

Croatia has met all aspects of the terms of reference (OECD, 2021^[3]) (ToR) for the calendar year 2020 (year in review), and no recommendations are made.

Croatia can legally issue four types of rulings within the scope of the transparency framework.

In practice, Croatia issued rulings within the scope of the transparency framework as follows:

Type of ruling	Number of rulings
Past rulings	0
Future rulings in the period 1 April 2017 – 31 December 2017	0
Future rulings in the calendar year 2018	1
Future rulings in the calendar year 2019	0
Future rulings in the year in review	0

As no exchanges were required to take place, no peer input was received in respect of the exchanges of information on rulings received from Croatia.

A. The information gathering process (ToR I.A)

296. Croatia can legally issue the following four types of rulings within the scope of the transparency framework: (i) cross-border unilateral APAs and any other cross-border unilateral tax rulings (such as an advance tax ruling) covering transfer pricing or the application of transfer pricing principles; (ii) rulings providing for unilateral downward adjustments; (iii) permanent establishment rulings; and (iv) related party conduit rulings.

297. For Croatia, past rulings are any tax rulings within scope that are issued either: (i) on or after 1 January 2015 but before 1 April 2017; or (ii) on or after 1 January 2012 but before 1 January 2015, provided they were still in effect as at 1 January 2014. Future rulings are any tax rulings within scope that are issued on or after 1 April 2017.

298. In the prior years' peer review reports, it was determined that Croatia's undertakings to identify past and future rulings and all potential exchange jurisdictions were sufficient to meet the minimum standard. In addition, it was determined that Croatia's review and supervision mechanism was sufficient to meet the minimum standard. Croatia's implementation remains unchanged, and therefore continues to meet the minimum standard.

299. Croatia has met all of the ToR for the information gathering process and no recommendations are made.

B. The exchange of information (ToR II.B)

300. Croatia has international agreements permitting spontaneous exchange of information, including being a party to (i) the *Multilateral Convention on Mutual Administrative Assistance in Tax Matters: Amended by the 2010 Protocol* (OECD/Council of Europe, 2011^[4]) ("the Convention"), (ii) the Directive 2011/16/EU with all other European Union Member States and (iii) bilateral agreements in force with 66 jurisdictions.¹

301. As Croatia did not issue any rulings within the scope of the transparency framework in the relevant period, Croatia was not required to exchange any information on rulings in the year in review and no data on the timeliness of exchanges can be reported.

302. In the prior years' peer review reports, it was determined that Croatia's process for the completion and exchange of templates were sufficient to meet the minimum standard. With respect to past rulings, no further action was required. Croatia's implementation in this regard remains unchanged and therefore continues to meet the minimum standard.

303. Croatia has the necessary legal basis for spontaneous exchange of information, a process for completing the templates in a timely way and has completed all exchanges. Croatia has met all of the ToR for the exchange of information process and no recommendations are made.

C. Statistics (ToR IV)

304. As no rulings were issued, no statistics can be reported.

D. Matters related to intellectual property regimes (ToR I.A.1.3)

305. Croatia does not offer an intellectual property regime for which transparency requirements under the Action 5 Report (OECD, 2015^[1]) were imposed.
