Country	Study name	Sponsor	Target population(s)	Content	Data collection dates	Documentation on methods
United States	Understanding Coronavirus in America Tracking Survey	USC Dornsife Center for Economic and Social Research	Adults aged 18 years or more – members of the Understanding America Study panel	Omnibus	First wave 10-31 March 2020, every two weeks from 1 April 2020	<a href="https://uasdata.usc.edu/index.php">https://uasdata.usc.edu/index.php</a>

1. The Understanding Society survey or the UK Household Longitudinal Study (UKHLS) is a longitudinal study based on a representative sample of households in the United Kingdom. Respondents include all members of the sampled households aged 10 years or older.
2. Both the Gallup Panel and the American Trends Panel are nationally representative panels of randomly selected US adults.
3. The American Educator Panel is a nationally representative panel of public school teachers and school principals in the United States.
