

Congo

Congo¹ did not provide a completed peer review questionnaire to the Secretariat. It is not known whether Congo has implemented the transparency framework in line with the terms of reference (OECD, 2021^[3]) (ToR) for the calendar year 2020 (year in review). Congo receives two recommendations covering the information gathering process (ToR I.A) and exchange of information (ToR II.B) for the year in review.

In the prior year report, as well as in the 2017 and 2018 peer reviews, Congo received the same recommendations. As they have not been addressed, the recommendations remain in place.

Congo can legally issue two types of rulings within the scope of the transparency framework.

In practice, Congo did not issue any type of rulings within the scope of the transparency framework in previous years. For the year in review, as well as for the prior year, it is not known whether Congo issued any type of rulings within the scope of the transparency framework.

No peer input was received in respect of the exchanges of information on rulings received from Congo.

A. The information gathering process (ToR I.A)

270. Congo can legally issue the following two types of rulings within the scope of the transparency framework: (i) cross-border unilateral APAs and any other cross-border unilateral tax rulings (such as an advance tax ruling) covering transfer pricing or the application of transfer pricing principles and (ii) permanent establishment rulings.

Past rulings (ToR I.A.1.1, I.A.1.2, I.A.2.1, I.A.2.2)

271. For Congo, past rulings are any tax rulings within scope that are issued either (i) on or after 1 January 2015 but before 1 April 2017; and (ii) on or after 1 January 2012 but before 1 January 2015, provided they were still in effect as at 1 January 2015.

272. In the 2018 peer review report, it was determined that Congo issued no past rulings in scope of the transparency framework. As such, there was no need to identify potential exchange jurisdictions.

Future rulings (ToR I.A.1.1, I.A.1.2, I.A.2.1)

273. For Congo, future rulings are any tax rulings within scope that are issued on or after 1 April 2017.

274. In the 2018 peer review report, Congo indicated that there were no processes in place for the record keeping of rulings for the purposes of the transparency framework. It was noted that Congo intended to implement guidelines and practices to make sure the necessary information to meet the requirements of the transparency framework is required in all cases. Congo was recommended to finalise its information gathering process as soon as possible.

275. During the year in review, as it is not known whether Congo has finalised its information gathering process, the recommendation remains in place.

Review and supervision (ToR I.A.3)

276. In the 2018 peer review report, it was determined that Congo did not yet have a review and supervision mechanism under the transparency framework. Congo was in the process of considering the implementation of a revision and supervision mechanism for ensuring implementation of the transparency framework. As it is not known whether Congo has put in place a review and supervision mechanism under the transparency framework for the year in review, the recommendation remains in place.

Conclusion on section A

277. Congo is recommended to finalise its information gathering process, with a review and supervision mechanism, as soon as possible (ToR I.A).

B. The exchange of information (ToR II.B)

Legal basis for spontaneous exchange of information (ToR II.B.1, II.B.2)

278. In the 2018 peer review report, it was determined that Congo was in the process of putting in place the necessary domestic legal basis to exchange information spontaneously. It is not known whether Congo has already put in place the necessary domestic legal basis to exchange information spontaneously for the year in review.

279. Congo has international agreements permitting spontaneous exchange of information, including bilateral agreements in force with 3 jurisdictions.² Congo is not a party to the *Multilateral Convention on Mutual Administrative Assistance in Tax Matters: Amended by the 2010 Protocol* (OECD/Council of Europe, 2011^[4]) (“the Convention”). Congo is encouraged to continue its efforts to expand its international exchange of information instruments to be able to exchange information on rulings. It is noted, however, that jurisdictions are assessed on their compliance with the transparency framework in respect of the exchange of information network in effect for the year of the particular annual review.

Completion and exchange of templates (ToR II.B.3, II.B.4, II.B.5, II.B.6, II.B.7)

280. In the 2018 peer review report, it was determined that Congo was developing a process to complete the templates on relevant rulings, to make them available to the Competent Authority for exchange of information, and to exchange them with relevant jurisdictions. It is not known whether Congo has already put in place such a process for the year in review.

281. As it is not known whether exchanges took place in the year of review, no data on the timeliness of exchanges can be reported.

Conclusion on section B

282. Congo is recommended to put in place a domestic legal framework allowing spontaneous exchange of information on rulings and to continue its efforts to complete the templates for all relevant rulings and to ensure that the exchanges of information on rulings occur as soon as possible (ToR II.B).

C. Statistics (ToR IV)

283. As the Secretariat is not aware whether information on rulings was exchanged by Congo for the year in review, no statistics can be reported.

D. Matters related to intellectual property regimes (ToR I.A.1.3)

284. Congo does not offer an intellectual property regime for which transparency requirements under the Action 5 Report (OECD, 2015^[1]) were imposed.

Summary of recommendations on implementation of the transparency framework

Aspect of implementation of the transparency framework that should be improved	Recommendation for improvement
