

# Ireland

Ireland has met all aspects of the terms of reference (OECD, 2021<sup>[3]</sup>) (ToR) for the calendar year 2021 (year in review), and no recommendations are made.

Ireland can legally issue three types of rulings within the scope of the transparency framework.

In practice, Ireland issued rulings within the scope of the transparency framework as follows:

Type of ruling	Number of rulings
Past rulings	29
Future rulings in the period 1 April 2016 – 31 December 2016	0
Future rulings in the calendar year 2017	2
Future rulings in the calendar year 2018	39
Future rulings in the calendar year 2019	5
Future rulings in the calendar year 2020	4
Future rulings in the year in review	2

No peer input was received in respect of the exchanges of information on rulings received from Ireland.

## Information gathering process (ToR I.A)

617. Ireland can legally issue three types of rulings within the scope of the transparency framework: (i) preferential regimes;<sup>1</sup> (ii) cross-border unilateral APAs and any other cross-border unilateral tax rulings (such as an advance tax ruling) covering transfer pricing or the application of transfer pricing principles; and (iii) permanent establishment rulings.

618. For Ireland, past rulings are any tax rulings within scope that are issued either: (i) on or after 1 January 2014 but before 1 April 2016; or (ii) on or after 1 January 2010 but before 1 January 2014, provided they were still in effect as at 1 January 2014. Future rulings are any tax rulings within scope that are issued on or after 1 April 2016.

619. In the prior years' peer review reports, it was determined that Ireland's undertakings to identify past and future rulings and all potential exchange jurisdictions were sufficient to meet the minimum standard. In addition, it was determined that Ireland's review and supervision mechanism was sufficient to meet the minimum standard. Ireland's implementation remains unchanged, and therefore continues to meet the minimum standard.

620. Ireland has met all of the ToR for the information gathering process and no recommendations are made.

## Exchange of information (ToR II.B)

621. Ireland has the necessary domestic legal basis to exchange information spontaneously. Ireland notes that there are no legal or practical impediments that prevent the spontaneous exchange of information on rulings as contemplated in the Action 5 minimum standard.

622. Ireland has international agreements permitting spontaneous exchange of information, including: (i) the *Multilateral Convention on Mutual Administrative Assistance in Tax Matters: Amended by the 2010 Protocol* (OECD/Council of Europe, 2011<sup>[1]</sup>) ("the Convention"), (ii) the Directive 2011/16/EU with all other European Union Member States and (iii) bilateral agreements in force with 73 jurisdictions.<sup>2</sup>

623. For the year in review, the timeliness of exchanges is as follows:

Future rulings within the scope of the transparency framework	Number of exchanges transmitted within three months of the information becoming available to the competent authority or immediately after legal impediments have been lifted	Delayed exchanges		
		Number of exchanges transmitted later than three months of the information on rulings becoming available to the competent authority	Reasons for the delays	Any other comments
	2	0	N/A	N/A

  

Follow-up requests received for exchange of the ruling	Number	Average time to provide response	Number of requests not answered
	0	N/A	N/A

624. In the prior years' peer review reports, it was determined that Ireland's process for the completion and exchange of templates were sufficient to meet the minimum standard. With respect to past rulings, no further action was required. Ireland's implementation in this regard remains unchanged and therefore continues to meet the minimum standard.

625. Ireland has the necessary legal basis for spontaneous exchange of information, a process for completing the templates in a timely way and has completed all exchanges. Ireland has met all of the ToR for the exchange of information process and no recommendations are made.
