

# Armenia

## A. Progress in the implementation of the minimum standard

Armenia has 49 tax agreements in force, as reported in its response to the Peer Review questionnaire. None of those agreements comply with the minimum standard.

Armenia signed the MLI in 2017. The agreements modified by the MLI will come into compliance with the minimum standard once the provisions of the MLI take effect.

Armenia has not listed its agreement with Japan under the MLI.<sup>6</sup> This agreement will therefore not, at this stage, be modified under the MLI. In its response to the Peer Review Questionnaire, Japan indicated that its agreement with Armenia did not give rise to material treaty shopping concerns for Japan.

Armenia is implementing the minimum standard through the inclusion of the preamble statement and the PPT combined with the LOB.<sup>7</sup>

## B. Conclusion

### Recommendation

It is recommended that Armenia completes the steps to have the MLI take effect with respect to its agreements listed under the MLI as those agreements will only be modified by the MLI (and come into compliance with the minimum standard) once the provisions of the MLI take effect.
