

# Romania

Romania has met all aspects of the terms of reference (OECD, 2021<sup>[3]</sup>) (ToR) for the calendar year 2021 (year in review), and no recommendations are made.

Romania can legally issue two types of rulings within the scope of the transparency framework.

In practice, Romania issued rulings within the scope of the transparency framework as follows:

Type of ruling	Number of rulings
Past rulings	16
Future rulings in the period 1 April 2017 – 31 December 2017	5
Future rulings in the calendar year 2018	1
Future rulings in the calendar year 2019	4
Future rulings in the calendar year 2020	5
Future rulings in the year in review	7

No peer input was received in respect of the exchanges of information on rulings received from Romania.

## Information gathering process (ToR I.A)

1008. Romania can legally issue the following two types of rulings within the scope of the transparency framework: (i) cross-border unilateral APAs and any other cross-border unilateral tax rulings (such as an advance tax ruling) covering transfer pricing or the application of transfer pricing principles and (ii) permanent establishment rulings.

1009. For Romania, past rulings are any tax rulings within scope that are issued either: (i) on or after 1 January 2015 but before 1 April 2017; or (ii) on or after 1 January 2012 but before 1 January 2015, provided they were still in effect as at 1 January 2015. Future rulings are any tax rulings within scope that are issued on or after 1 April 2017.

1010. In the prior years' peer review reports, it was determined that Romania's undertakings to identify past and future rulings and all potential exchange jurisdictions were sufficient to meet the minimum standard. In addition, it was determined that Romania's review and supervision mechanism was sufficient to meet the minimum standard. Romania's implementation remains unchanged, and therefore continues to meet the minimum standard.

1011. Romania has met all of the ToR for the information gathering process and no recommendations are made.

## Exchange of information (ToR II.B)

1012. Romania has the necessary domestic legal basis to exchange information spontaneously. Romania notes that there are no legal or practical impediments that prevent the spontaneous exchange of information on rulings as contemplated in the Action 5 minimum standard.

1013. Romania has international agreements permitting spontaneous exchange of information, including: (i) the *Multilateral Convention on Mutual Administrative Assistance in Tax Matters: Amended by the 2010 Protocol* (OECD/Council of Europe, 2011<sup>[1]</sup>) ("the Convention"), (ii) the Directive 2011/16/EU with all other European Union Member States and (iii) bilateral agreements in force with 88 jurisdictions.<sup>1</sup>

1014. For the year in review, the timeliness of exchanges is as follows:

Future rulings within the scope of the transparency framework	Number of exchanges transmitted within three months of the information becoming available to the competent authority or immediately after legal impediments have been lifted	Delayed exchanges		
		Number of exchanges transmitted later than three months of the information on rulings becoming available to the competent authority	Reasons for the delays	Any other comments
	7	0	N/A	N/A

Follow-up requests received for exchange of the ruling	Number	Average time to provide response	Number of requests not answered
	0	N/A	N/A

1015. In the prior year's peer review report, it was determined that Romania's process for the completion and exchange of templates were sufficient to meet the minimum standard. With respect to past rulings, no further action was required. Romania's implementation in this regard remains unchanged and therefore continues to meet the minimum standard.

1016. Romania has the necessary legal basis for spontaneous exchange of information, a process for completing the templates in a timely way and has completed all exchanges. Romania has met all of the ToR for the exchange of information process and no recommendations are made.

### Statistics (ToR IV.D)

1017. The statistics for the year in review are as follows:

Permanent establishment rulings	0	N/A
<b>Total</b>	<b>7</b>	

### Matters related to intellectual property regimes (ToR I.A.1.3)
