

Annex A

Summary table of ISCED 2011 codes and criteria

The units of the ISCED classification are education programmes and their related recognised qualifications.

<http://www.uis.unesco.org/Education/Pages/international-standard-classification-of-education.aspx>

The ISCED classification uses **3 digits**: the **first is the educational level**, the **second** and **third are complementary dimensions**.

The ISCED level of an education programme reflects the degree of complexity and specialisation of the content of the programme measured with respect to gradations of learning experiences and the knowledge, skills and competencies the programme is intended to impart. Educational attainment is measured with respect to the highest education programme successfully completed, which is normally certified by a recognised qualification. If the highest education programme is not successfully completed, the level of attainment of the person is their attainment level before entering the programme.

LEVELS AND COMPLEMENTARY DIMENSIONS OF THE INTERNATIONAL STANDARD CLASSIFICATION OF EDUCATION (ISCED) 2011

Codification of education programmes and educational attainment

Level		Criteria for classifying national programmes by levels	
1 st digit		Main criteria	Subsidiary criteria
No education		–	–
0	Early childhood education	<i>Learning stimulated</i> by environment (§105)* or in interaction with educators (§106).	<i>Qualifications of staff</i> : Pedagogical qualifications for educators (§111).
		<i>Institution</i> : school-based or centre-based (§107)	Existence of a regulatory framework (§112).
		<i>Admission/age</i> : 3 years and above for pre-primary education (§102/108).	Typically not compulsory (§113).
		<i>Intensity</i> : 2 hours of education per day and 100 days a year (§110).	
1	Primary education	<i>Education</i> with systematic teaching and learning in reading, writing and mathematics (§125).	Often coincides with the beginning of compulsory education (§127).
		<i>Admission/age and duration</i> : official age of entry between ages 5 and 7 years; typical duration of 6 years (range is 4 to 7 years) (§122).	
		<i>Teacher</i> : typically one main teacher is in charge of a group (§126).	
2	Lower secondary education	<i>Transition to subject-oriented instruction</i> (§144).	<i>Typical entry age</i> is between 10 and 13 years, the most common being 12 (§141).
		<i>Entry requirements</i> : completion of primary education (or the capacity to study at ISCED level 2) (§145).	<i>Subject teachers</i> , with qualifications in specific subjects as well as pedagogy (§147).
		<i>Cumulative duration</i> : ends after 8 to 11 years of education (often 9) from the start of primary education (§146).	The end of the level often coincides with the <i>end of compulsory education</i> (§148).

Level		Criteria for classifying national programmes by levels	
1 st digit		Main criteria	Subsidiary criteria
3	Upper secondary education	<i>Second/final stage of secondary education, in form of general or vocational programmes (§167).</i>	<i>More differentiated programmes: increased range of options and streams (§169).</i>
		<i>Entry requirements: completion of lower secondary education (or the capacity to study at ISCED level 3) (§168).</i>	
		<i>Cumulative duration: programmes end 12 or 13 years since the beginning of ISCED 1 (§164).</i>	
4	Post-secondary non-tertiary education	<i>Post-secondary education, generally vocational and terminal programmes preparing for the labour market; typically, not considered as tertiary education at the national level (§190).</i>	<i>Teachers often more qualified with respect to the subject matter they teach than lower secondary teachers (§170).</i>
		<i>Programmes which serve to broaden rather than deepen the knowledge, skills and competencies of participants. Often not significantly more advanced than programmes at ISCED level 3 (§191).</i>	
		<i>Entry requirements: completion of upper secondary education (§186).</i>	
5	Short-cycle tertiary education	<i>Programmes often designed to provide participants with professional knowledge, skills and competencies; may provide pathway to academic programmes (§207). More complex than levels 3 and 4 but less than 6 (§212).</i>	<i>Institutional transition points: often provided by different institutions from ISCED levels 6, 7 and 8 (§214).</i>
		<i>Entry requirements: successful completion of upper secondary or post-secondary non-tertiary education giving access to ISCED levels 5, 6 or 7 (§208)</i>	
		<i>Minimum duration: 2 years (§213).</i>	<i>Typical duration: 2 to 3 years (§213).</i>

Level		Criteria for classifying national programmes by levels	
1 st digit		Main criteria	Subsidiary criteria
6	Bachelor's or equivalent	Programmes often designed to provide participants with intermediate academic or professional knowledge, skills and competencies, leading to a first degree, such as a <i>Bachelor's</i> , or to an equivalent qualification (§224).	The requirement of a doctorate (ISCED level 8) qualification for some of the teaching staff may help distinguish ISCED levels 5 and 6 (§231).
		<i>Entry requirements:</i> successful completion of upper secondary or post-secondary non-tertiary education giving access to ISCED levels 5, 6 or 7; may require the passing of an entrance examination (§226).	<i>Further studies:</i> does not give direct access (usually) to doctoral programmes (ISCED level 8) (§226).
		<i>Minimum cumulative duration of first degrees:</i> 3 to 4 years full-time (§229).	
		<i>Position in the national degree structure:</i> typically a first degree in tertiary education; sometimes a second degree of 1 to 2 years (§230).	
7	Master's or equivalent	Programmes often designed to provide participants with advanced academic or professional knowledge, skills and competencies, leading to a second degree, such as a <i>Master's</i> , or to an equivalent qualification (§241).	<i>Minimum duration of long 1st degree:</i> 5 years; complexity of content comparable to a <i>Master's</i> (§247).
		<i>Position in the national degree structure:</i> typically a second or further degree in tertiary education following a first degree at ISCED level 6 or 7 (§246) or a long first degree of at least 5 years if equivalent to a <i>Master's</i> in terms of the complexity of content (e.g. medicine) (§247).	<i>Further studies:</i> often gives direct access to doctoral programmes (ISCED level 8) (§249).
		<i>Entry requirements:</i> in the case of a 2 nd degree, the successful completion of a <i>Bachelor's</i> or equivalent (ISCED level 6) or a <i>Master's</i> or equivalent (ISCED level 7) is required; in the case of a 1 st degree, the successful completion of upper secondary or of ISCED 4 granting access to tertiary education is required and, eventually, an entry examination (§243).	
8	Doctoral or equivalent	Its successful completion requires the <i>submission of a thesis</i> or an equivalent written work, of publishable quality, which is the output of original research representing a considerable contribution to knowledge in the field (§264).	Degree gives access to faculty positions and research posts (§266).
		<i>Entry requirements:</i> the successful completion of an ISCED 7 programme (§261).	
		<i>Minimum duration:</i> at least 3 years of full-time studies and a total cumulative duration of at least 7 years of tertiary education (§265)
