

Namibia

A. Progress in the implementation of the minimum standard

Namibia has eleven tax agreements in force, as reported in its response to the Peer Review questionnaire.

None of Namibia's agreements comply with the minimum standard or are subject to a complying instrument.

Namibia has not signed the MLI.

B. Implementation issues

As Namibia has not signed the MLI or implemented anti-treaty-shopping measures in its agreements, the Secretariat will offer its support to design a plan for the implementation of the minimum standard to strengthen its network of agreements.
